## Why choose a SCR-90?

### Advantages

- ◆ *Simple To Use-* One operator to load fabric and remove finished product.
- ◆ *Easy To Change Sizes-* Set the digital counters to change length and set the number of pieces desired. The machine will stop after completion.
- ◆ *Space Saver-* Eliminates long spreading table so production takes a fraction of the space.
- ◆ *Money Saver-* We have many options to suit your needs. So we can design the machine that is right for you.

### Options

- ◆ *Corner notching-* 3" standard radius, other sizes available by request. Complete with slitting knives to trim both edges of fabric prior to entering the dies.
- ◆ *Infeed-* 2-roll fabric holder, dancer bar for placing in line with a multi-needle quilter and infeed for lap-folded fabric and/or quilt.
- ◆ *Rewinds-* Single rewinds for quilted mattress borders and dual rewinds for thin fabrics.
- ◆ *Slitters-* Our gangslitter has 10 blades mounted to a common shaft. They are secured with a set screw for easy adjustment.

### Specifications

**Standard voltage:** 220, 3 phase, 60Hz, 30 Amps

**Pneumatic requirement:** 5CFM@ 90psi

**Required Area:** 144"L x 72"W

**Total Weight:** 3000lbs.

**Working Height:** 50" standard
